# Company Profile

Foshan Leqi Glass Technology Co., Ltd which was named GuangLiang Glass was built in 2004.As a joint venture,our technology is well-experienced in producing glass deeply possessing product.

Customers trust in us because of our advanced technology and well-experienced production.Over ten years development ,we have become a technological company with more than three hundred personnels and almost one hundred technicians.At the same time we keep devoting to the product' s research and development,trying to innovate new technology so that we can provide safety toughened glass to the home appliance and furniture industries.

Our company constantly enhance craft technology and improve product quality,insist developing concepts that

*Build an enterprise through arduous efforts.*

*Go for innovation Go for expansion.*

*Dare to compete*

Therefore,we can run along a developing track which is fast,efficient and healthy.

Over ten years development ,we have become a technological company with more than three hundred personnels and almost one hundred technician.

At the same time we keep devoting to the product' s research and development,trying to innovate new technology so that we can provide safety toughened glass to the home appliance and furniture industry.

# Workshop

Our company covers an area of 30000 square meters and the production workshop covers 16000 square meters, in which we have modern glass tempering furnace, water jet cutting, CNC automatic machining center, CNC Double lathe, CNC cutting machine and the coating production line.

Customers trust in us because of our advanced technology and well-experienced production.

At the same time we keep devoting to the product's research and development, trying to innovate new technology so that we can provide safety toughened glass to the home appliance and furniture industries. Our complete kinds of product which has stable and reliable quality can satisfy different customers' demands. Every year we can produce all kinds of safety glass over 2 million square meters.

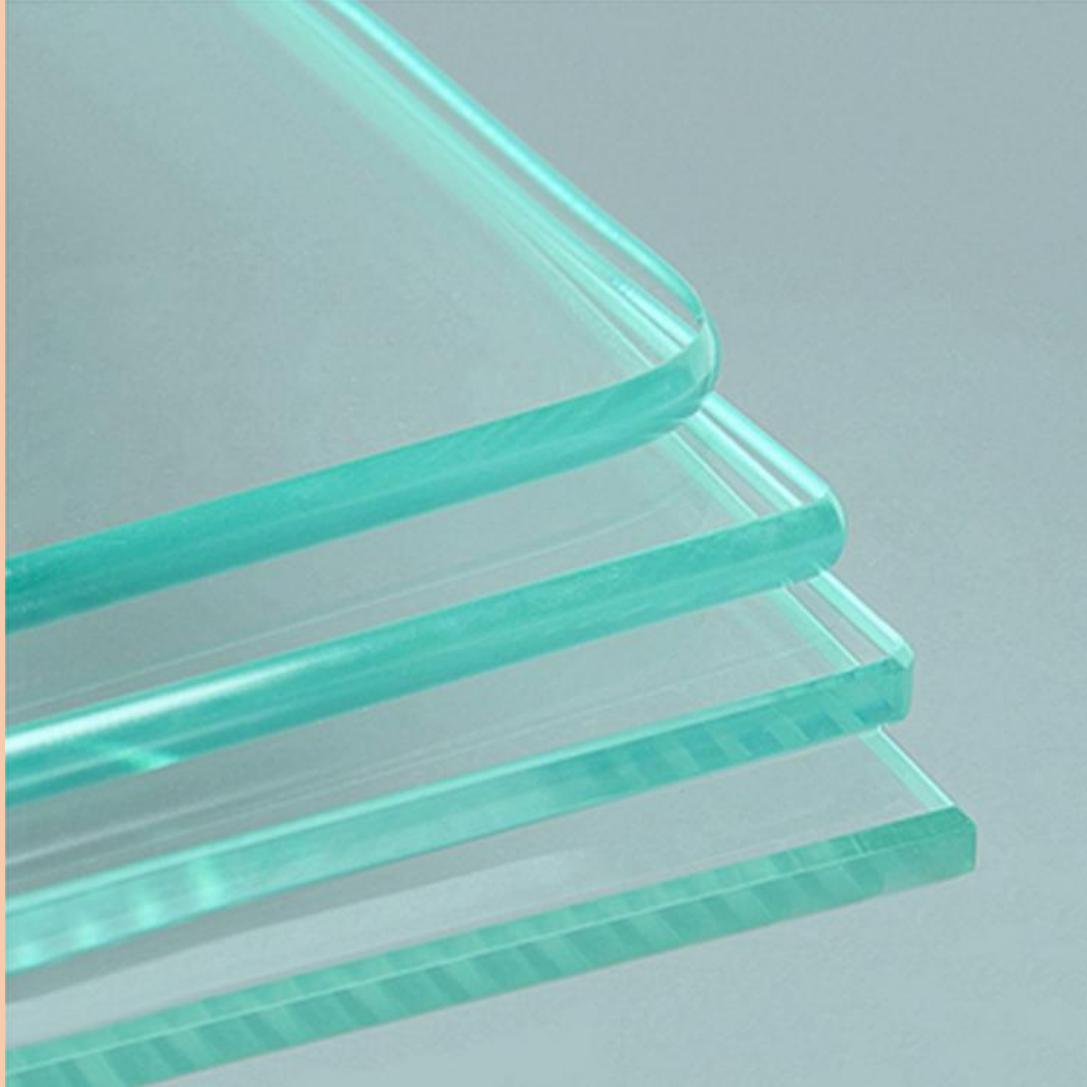

# Certification

Our company have passed the ISO and ROHS environmental testing, which make us establish the concept that quality is the life of a company.

# Product--Home appliance glass

Refrigerator Glass	
Product ID	LQ-001
Size	Personal Design
Colour	Personal Design
Feature	High strength toughened glass Easy to clean Dirt resistance

# Product--Home appliance glass

## Glass Chopping Board

Product ID	LQ-002
Size	Personal Design
Colour	Personal Design
Feature	High strength toughened glass High corrosion resistance High compression resistance Easy to clean Not easy to produce scratches and no cracks

# Product--Home appliance glass

## Hot Pot Glass Table

Product ID	LQ-003
Size	Personal Design
Colour	Personal Design
Feature	High strength toughened glass High corrosion resistance High temperature resistance High compression resistance Easy to clean

# Product--Home appliance glass

## Water heater Glass

Product ID	LQ-004
Size	Personal Design
Colour	Personal Design
Feature	Easy to clean High Corrosion resistance High temperature resistance Strong impact resistance Good permeability

# Product--Home appliance glass

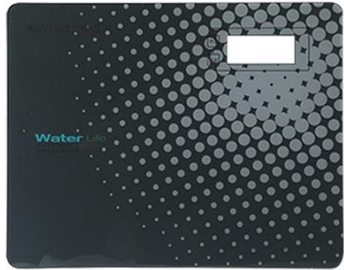

## Water Dispenser Glass

Product ID	LQ-005
Size	Personal Design
Colour	Personal Design
Feature	Easy to clean High corrosion resistance High temperature resistance High strength toughened glass

# Product--Home appliance glass

## Glass Plate Of Water Dispenser

Product ID	LQ-006
Size	Personal Design
Colour	Personal Design
Feature	Easy to clean Corrosion-resistant High temperature resistance Not easy to fade

# Product--Home appliance glass

## Water Purifier Glass

Product ID

LQ-007

Size

Personal Design

Colour

Personal Design

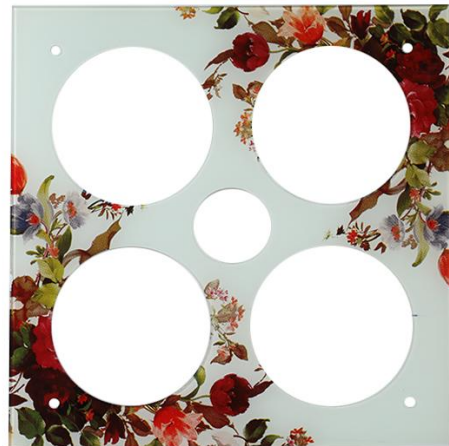

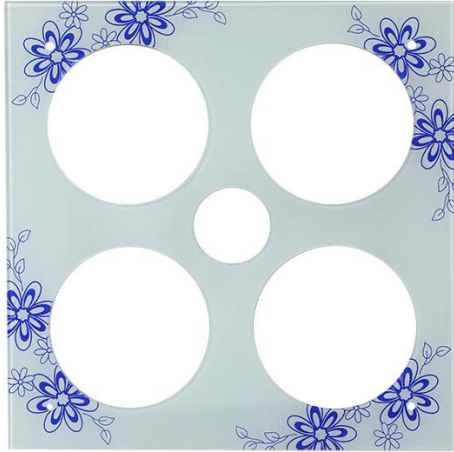

Feature

Easy to clean  
High Corrosion resistance  
High temperature resistance  
Suffer 5 ~ 10 times impact  
strength compare to ordinary  
glass

# Product--Home appliance glass

## Glass Plate Of Water heater

Product ID

LQ-008

Size

Personal Design

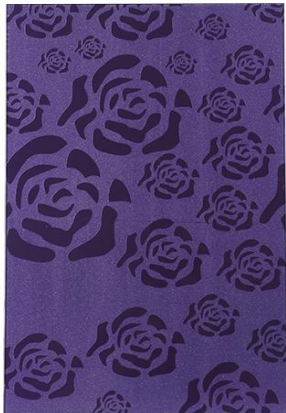

Colour

Personal Design

Feature

Easy to clean  
Corrosion-resistant  
High temperature resistance  
Rich in colour  
Environment-friendly  
Free of radiation and  
formaldehyde

# Product--Home appliance glass

## Glass Plate Of Water Dispenser

Product ID

LQ-009

Personal Design

Feature

Easy to clean  
High corrosion resistance  
High temperature resistance  
Water resistance  
Good permeability and good transparency

# Product--Glass for furniture

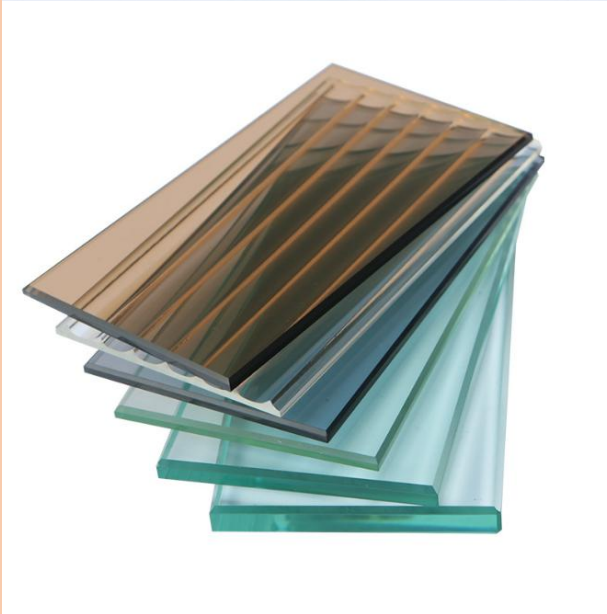

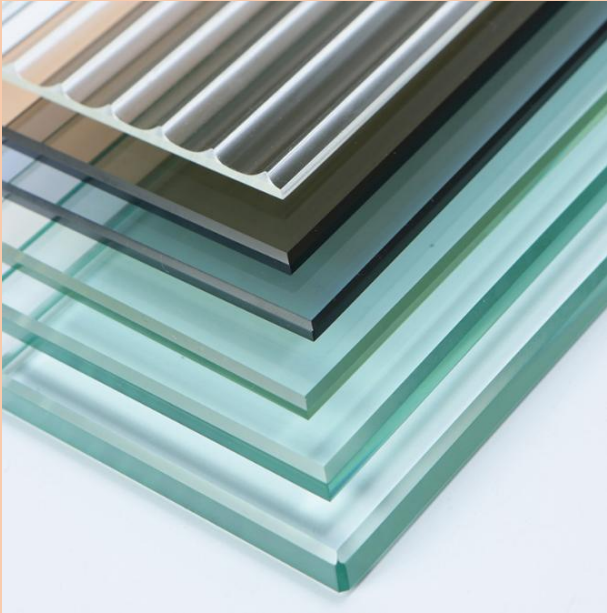

## Tea Table Glass Plate

Product ID	LQ-020
Size	Personal Design
Colour	Personal Design
Feature	Easy to clean High transparency High mechanical strength Light weight Easy processing

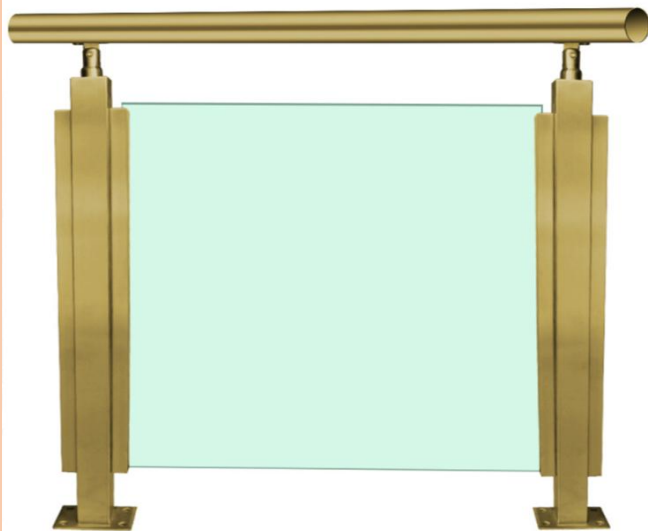

# Product--Architectural Glass

Architectural Glass	
Product ID	LQ-022
Size	Personal Design
Colour	Personal Design
Feature	Corrosion-resistant Control noise Thermal insulation, Wear resistance, Climate change resistance Stable material

# Product--Architectural Glass

## Guardrail Glass

Product ID	LQ-023
Size	Personal Design
Colour	Personal Design
Feature	Easy to clean High corrosion resistance High temperature resistance Very high impact resistance Stable heat resistance Bright Good transparency

# Product--Architectural Glass

## Pool Glass

Product ID

LQ-024

Size

Personal Design

Colour

Personal Design

Feature

High corrosion resistance  
High resistance in temperature difference  
Good thermal stability  
Not easy to crack

# Product--Architectural Glass

## Safety Glass

Feature	Easy to clean High temperature resistance Good transparency

# Business Idea

In this years we insist the strategy that quality first and service first as well as we set up a superior after sales service system as a foundation.And our operation on this foundation has receive a number of customers' appreciation.

Our company constantly enhance craft technology and improve product quality,insist developing concepts that

*Build an enterprise through arduous efforts.*

*Go for innovation Go for expansion.*

*Dare to compete*

Therefore,we can run along a developing track which is fast,efficient and healthy.

# Advantage

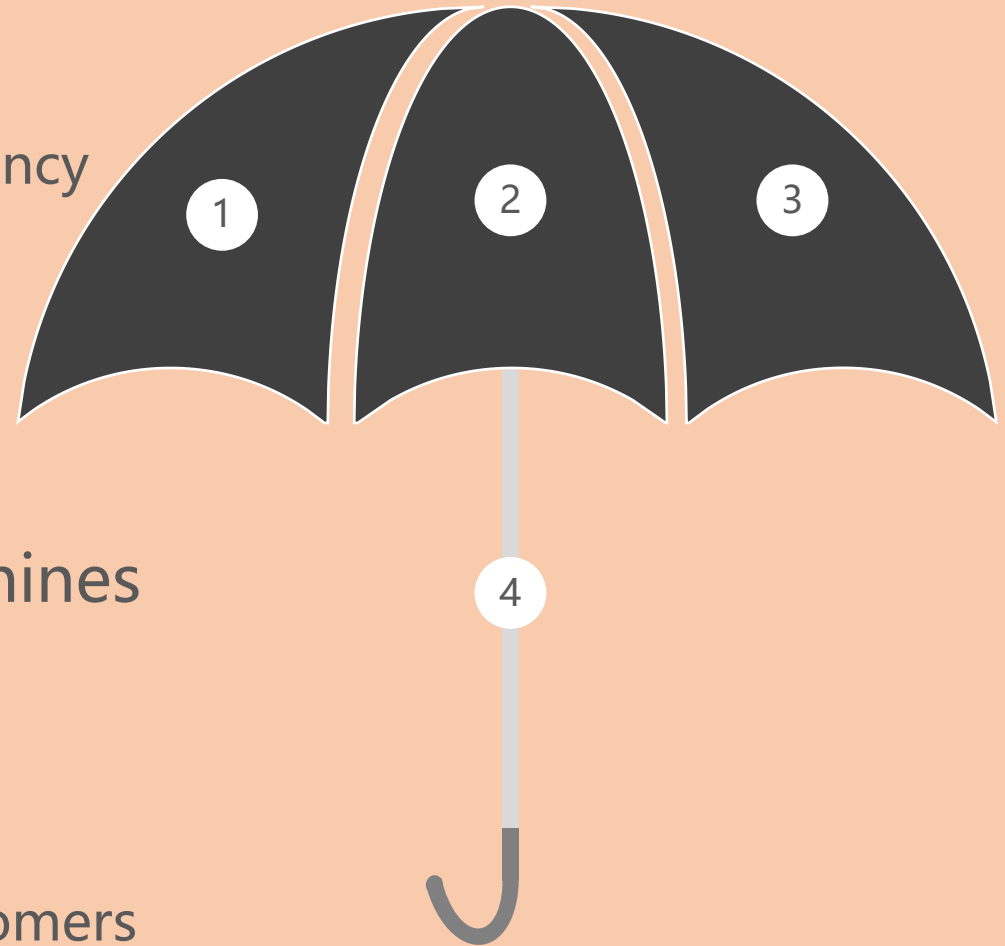

Our company have passed the ISO and ROHS environmental testing, which make us establish the concept that quality is the life of a company.

1 Better quality  
we are the top level in stiffness and transparency

2 Various kinds of material  
More than 20 kinds of materials  
Great adaptation

3 Well-experienced and enhanced machines  
Independent production line

4 Great Reputation  
Receive thousands of appreciation from customers

# Ambition : Focus,to make you comfort

Nowaday we have become a glass deeply machining company with high competitiveness and stronge influence.In the future we will keep improving together with you and make mutually beneficial as always.

# Thanks for your watching
